

I understand that  
Sinclair  
Broadcasting is  
ordering its  
stations to show a  
"documentary"  
smearing Senator  
John Kerry two weeks  
before the  
presidential  
election. How can  
they get away with  
doing this over  
public airwaves?  
This is, in effect,  
a giveaway of free  
political  
advertising to one  
party without doing  
the same for the  
other party.

Please keep this  
letter in your file  
when it comes to  
license renewal time  
for Sinclair.

Thank you.
